

Conference Administrator Report
Submitted by Karen Martin

I have just completed my tenth year as conference Administrator. That computes to about 120 issues of ZING!, 10 Annual Assemblies, 10 Faith and Life Forums and 75 Leadership Board meetings and probably thousands of e-mails! I am grateful for all of these opportunities to work with you.

This year of transition in Mountain States Conference has brought new relationships and interesting possibilities for the future. One highlight for me this year was the Faith and Life Forum at the Evergreen Lake House. I loved how colorful it was, both in appearance and in sharing. It was a beautiful spot and a great time to meet some of the new people in the conference.

A new website was unveiled last September and I try to share as many congregational Facebook posts as I can. I am always open to your suggestions and welcome your news for ZING or Facebook. I look forward to hearing from you!
