

Living Light of Peace  
Report for Annual Assembly 2016  
Mountain States Mennonite Conference

Our emphasis this year is "Joy." We are examining things and attitudes to determine what gives us joy and what we can release that no longer brings us joy. We have cleaned out our former nursery and turned it into a meeting room for small gatherings. We are now looking at our sanctuary with fresh eyes. Our seating arrangement reflects a "café" theme with several worshippers grouped around small tables. We are making our space more inviting and joyful.

In May we lost our one remaining charter member with the death of Donna Hildebrand.

Our hands-on service projects include serving a monthly community meal, sewing and assembling MCC health and school kits, gathering items for Warm Hearts, Warm Babies, and providing tuna for our local food pantry. We also provide land for a community garden, host AA groups in our building every day, and take a weekly coin offering which is donated to church-wide and local agencies.

Our congregation is committed to meeting regularly for worship, play, and service. We continue to value our community and to support each other.
